

IFMSS

Annual Meeting 1994 Antwerp

Important notice to all registered participants and accompanying persons.

For logistic reasons, including breakfast in the registration fee turned out to be impossible. To make up for it, the registered participants will be presented with a small original handfinished and signed sculpture made by the Belgian artist Louis Smeyers. The fetus is a current theme in his art, and this version was especially commissioned for the members of the IFMSS. Kamiel and Reine Vandenberghe hope it will remain a unique reminder of the 1994 meeting.

The registered accompanying partners will be offered a free lunch on Monday May 30th at 12.45 (Brasserie La Sarrazine, Meirbrug 25, Antwerp). This lunch will be followed by an additional guided visit to the Diamond Museum. During the guided tour on Tuesday May 31, entrance fees to the Rubenshouse and Plantijnmuseum will also be covered. Please be sure to make reservations on Sunday night at IFMSS registration desk.
